PRESENTS

SKULLBASE 2016

13th - 14th August 2016

Venue : Hotel Centre Point, Ramdaspath, Nagpur

SKULLBASE 2016

Dear Friends,

Despite being good neighbours, the speciality of Neurosurgery and ENT Surgery have many transitional, gray and overlapping zones. Single handed bold attempt to trespass these zones by either specialist, can be detrimental. Hence a joint venture by Neurosurgeons and ENT surgeons, with pristine cooperation and metronomic precision, alone would help to tackle these 'Combat Zones' with "Win-Win" situation for both! With the advent of endoscope, the endoscopic nasal surgeries have breached the boundaries and reached newer horizons i.e. Endoscopic Skull Base Surgeries.

Let us have the pleasure and opportunity to receive you on the occasion of "Skullbase-2016" on 13th & 14th of August 2016 at Nagpur, wherein, Dr Narayan Janakiram, along with Neurosurgeons Dr. Chandrashekhar Pakhmode and Dr. Pramod Giri, would take you on tour of various Skullbase Surgeries "LIVE".

Apart from Nagpur being the Geographical Centre of India, let in August 2016 "Nagpur" be the centre, where "Academicians" would gather.

We welcome you to Nagpur for "Skullbase 2016".

Sincerely yours,

Dr. Rajendra Deshmukh
Organising Chairman
