

Course objective

To understand the anatomy of the skull base. Also to get an insight into various lateral skull base or neurosurgical approaches to the relevant areas and hence the correct choice of approach best suited to the subject.

Highlights of the Workshop

- Live surgeries (subject to availability)
- Cadaveric dissection demonstration by faculty of various lateral skull base approaches as also neurosurgical approaches to same areas
- Lectures and interactive discussions

Dr. Balabhai Nanavati Hospital, S. V. Road, Vile Parle (W), Mumbai - 400056.
