Nandyal ENT surgeons & Madhumani Family invites you to attend "7<sup>th</sup> BASICS FEST" in Nandyal.

Foundation is the strength on which anything can be built. This "BASICS FEST" workshop is focused on giving a strong foundation in the basic concepts and fundamentals of ENT surgical techniques to master the skills in various ENT surgical procedures.

Micro ear surgery is bread and butter for ENT surgeons in India. It is not tens, hundreds or thousands but there are millions of CSOM cases in India.

FESS has also revolutionized the concept of the sinus diseases management and made difficult sinus problems curable and treatable through endoscopic approach.

This workshop is mainly to teach Post Graduate and Budding ENT Surgeons right from holding endoscope, setting up FESS table, developing the coordination between monitor and patient field, maintenance of equipment, recording and documentation of data and post operative management which are usually not much covered in ENT workshops.

*Invited by*
