Dear Dr. Rakesh Gupta,

It is our great pleasure to inform you that **4th Congress of European ORL-HNS** will be held in in CCIB **Barcelona, Spain between October 7–11, 2017.**

The Congress of European ORL-HNS is held in a different region every two years and provides an international audience of otolaryngologists with a program addressing all subspecialties in Otorhinolaryngology and Head and Neck Surgery. For the first time in the history of European ORL-HNS congresses, the scientific program will be assembled by the subspecialty society members, thus each session will be planned upon the actual trends and schedules for the respective subspecialty.

This way we aim to provide the most accurate education for young colleagues and residents regarding cornerstones in Otorhinolaryngology and Head and Neck Surgery. You may find the details of the congress in the web page link below:
